

ATTACHMENT A

MassDEP Permit for Industrial Sewer User

DRAFT

SPECIAL CONDITIONS

Transmittal No. W211010

1. **M/A-COM, Inc.** located at **100 Chelmsford Street, Lowell, Massachusetts** (the “permittee”) is authorized to discharge pretreated industrial wastewater to the City of Lowell sewer system.
2. This Permit expires five (5) years from the date of issuance. The permittee shall apply for a renewal of this Permit at least 90 days prior to the expiration date in accordance with 314 CMR 7.09 (3)(b) .
3. This Permit is subject to obtaining approval of any other applicable federal, state or local authority that may have jurisdiction.
4. The permittee shall comply with the Lowell Regional Wastewater Utility’s Pretreatment Program, Local Limits and Sewer Use Regulations.
5. Concentrated chemicals and hazardous materials are prohibited from being discharged to the sewer.
6. No person owning, maintaining or using a sewer connection shall discharge or allow the discharge of wastewater through such connection which would result in a hazard to the public health or safety or a violation of the provisions of 314 CMR 7.00 or 12.00.
7. IWPS must be operated and maintained by a **Grade 3** (industrial) Massachusetts certified wastewater treatment plant operator as required under the provisions of 257 CMR 2.00 and 314 CMR 7.00.
